

*At Bank of Utica,
we're in a league
all our own.*

You might say we march to the beat of a different drum. We don't believe we have to be like other banks to compete.

While they are busy building branches, we're building lifelong relationships. We keep it simple so we can consistently provide the very best service, top rates, state-of-the-art banking technologies, plus a promise that we'll be here tomorrow.

Hey, anyone can beat a drum, but it's tough to beat that combination.
