

*When we say we can help,
we mean business.*

For business banking,
we're in a league all our own.

For 80 years, we've been committed to meeting the needs of our local business community, providing a solid foundation for economic prosperity and financial growth. Bank of Utica is the only bank where you:

- have immediate personal and phone access to all of our decision makers
- deal with the same loan officer year after year
- get quick decisions made daily by local staff, not by slow-acting remote loan committees
- can be sure we'll be with you in good times and bad
- have little red tape or unnecessary requirements to meet
- can choose from a comprehensive menu of traditional and cutting edge banking products and services.

We understand that being in business isn't easy, so let us help you turn the corner. Because when Bank of Utica is managing your financial needs, you can really get down to business.

Stop by and visit with Brian Loughlin, Senior Vice President of Business Banking Operations, or call him at 797-2700, extension 242, to find out how we can lend a hand.
