Utica is special...

We are at the foothills of the Adirondacks, an amazing natural resource, where we have gorgeous lakes and rivers for aquatic recreation. We have world-class golf courses with no-wait tee times. And winter sports are everywhere, including right in the middle of the city where we have our ski slope!

... and so is Bank of Utica , one of the most financially secure banks in the nation

According to the latest review from Weiss Ratings, Bank of Utica received a financial strength rating of A+. This is the highest grade possible from Weiss Ratings. Out of some 7000+ banks in the US, only 26 banks received this rating and Bank of Utica was the only bank out of nearly 200 in New York State to do so. So according to Weiss, Bank of Utica is the safest bank in New York State.

Weiss Ratings issues their Financial Strength Ratings (independent, unbiased reviews of banks' safety derived primarily from the quarterly financial statements banks must file with their federal regulator) on all the banks in the nation.

We are proud of achieving the A+ rating and plan on running Bank of Utica in the same financially conservative manner for many years to come.

Bank of Utica — Strength and Stability Since 1927
