Special Services

Bank of Utica offers a full range of special services that are designed to help you manage your organization's banking needs efficiently and effectively.

If you avail yourself of any item, the costs will be accumulated during the month and will appear on your statement at the end of the month as one charge. (See reverse side for a list of them and their costs).

Our Commitment to Service

You'll receive outstanding customer service from our employees who are extremely experienced, courteous, and knowledgeable. Half of our employees have been with us over twenty years and 75% over ten years — unusual for any business, in particular for a bank.
