CHRISTMAS CLUB DISCLOSURE 2026

If you have an existing Christmas Club, it will automatically be renewed for next year and you may continue to make deposits. New Christmas Club accounts can be opened through January 2026.

Interest Rate Information
The Annual Percentage Yield (APY) is **2.00%** with an interest rate of **1.986%** effective November 10, 2025. You will be paid this rate of interest until your Christmas Club Check is mailed.

Balance Computation Method
We use the average daily balance method to calculate the interest on your account. This method applies a periodic rate to the average daily balance in the account for the period. This balance is calculated by adding the principal in the account each day and dividing by the number of days in the period. Interest begins to accrue no later than the business day we receive credit for the deposit of non-cash items (i.e. checks).

Compounding Period
Interest is compounded and credited to your account quarterly.

Minimum/Maximum Balance Requirements
The minimum amount needed to open the account is $5.00. The minimum average daily balance to obtain the APY is $5.00 and the maximum balance you can have in the account is $10,000.

Fees
There are no fees associated with this account.

Policy on Withdrawals
Money deposited in the account may be withdrawn in full at any time. If you close your account before interest is credited, you will not receive the accrued interest. The Bank reserves the right to require you to give seven (7) days prior written notice to the Bank of an intention to withdraw.

Your Christmas Club Check will be mailed to you on November 6, 2026. The funds can also be automatically deposited into your checking account on that date. If you prefer this, please call our Head Teller at (315) 797-2700 ext. 258 to make these arrangements. You may also direct any other questions to the Head Teller.
