Digital Wallet

Convenient Purchasing. Secure Processing.

You can now quickly and easily add your Bank of Utica Quickdraw debit card to Apple Pay, Google Pay or Samsung Pay to use for all your transactions.

Sign Up in 3 Easy Steps

1. Download the Apple/Google/Samsung Pay app then follow the on-screen prompts to complete set up.
2. Add your Card when prompted and either use your camera to capture your card information or enter it manually.
3. Start Shopping. Look for this symbol  in stores for where digital pay options are accepted. When you're ready to pay, unlock your phone and hold your device near the card reader to pay.

Safe Processing

Digital wallets are actually more secure than physical cards. When you add your card information into the app, the data is encrypted so your actual card numbers are not shared with merchants and not stored on your phone. You will only be able to use the digital wallet when you unlock your device and authorize the wallet's use.
