Cyber Security Awareness Month

Recognize the Red Flags

This Cyber Security Awareness Month we're peeling back the curtain on some common threats and practices to make sure our customers' accounts are secure both in the bank and online.

Phishing/Smishing/ Vishing

Emails, calls, texts, or other forms of communication in which someone claims to be from Bank of Utica.

What You Can Do

Verify any calls, texts, emails, or other communications by directly contacting the bank at (315) 797-2700.

Unknown Links

Hackers may send links to individuals containing malware or to gain digital access to sensitive information.

What You Can Do

Do not click on links from senders you do not know. If you have and think your Bank of Utica account information is at risk, call us immediately.

Unusual Transactions

Fraudsters using your stolen account information may make purchases in small amounts that you may not initially notice.

What You Can Do

Monitor your statements regularly or sign up for Real-Time Alerts on our mobile app for notifications when transactions occur on your account.

Other Tips

- Create account passwords that are unique and not easily guessable
- Never share Online Banking login information
- Avoid sharing sensitive information over email or text

At Bank of Utica, we prioritize the financial security of our customers. If you believe your sensitive account information has been compromised, call us immediately so that we can do our due diligence to protect your finances. Above all, **stay vigilant!**

Bank of Utica — *in a league all our own®*
